Education

MD

1998-2006: Tehran University of Medical Sciences, Tehran, Iran, passed with distinction including 18 months of Internship including: Internal medicine, Emergency medicine, Public Health, Obstetric & Gynecology, Pediatric, Surgery, Infectious disease, Orthopedic, ENT, Dermatology and Psychiatry.

- The Exemplary Intern at Imam Khomeini Hospital (in Infectious Ward), 2006
- The Exemplary Intern at Bahrami Pediatric Hospital, 2006.
- The Exemplary Student at the National Institute of English Language, 2000.
- I was part of superior students and received letters of commendation from Tehran University of Medical Sciences.
- The second researcher for the article with title “Environmental risk factors of lung cancer in Iran: A case-control study” in the Razi Festival, Iran, 2009.
- The fourth researcher for the article with title "HIV Seroconversion among Injection Drug Users in Detention, Tehran, Iran" in the Razi Festival, Iran, 2011
- The second young researcher for the article with title " Randomized Controlled Trial of Mindfulness-Based Stress Reduction Delivered to Human Immunodeficiency Virus-Positive Patients in Iran: Effects on CD4+ T Lymphocyte Count and Medical and Psychological Symptoms“ in the Razi Festival, Iran, 2012
- The seventh rank among students researchers in the Razi Festival, Iran, 2013
- The top researcher in Avicenna festival of Tehran University of Medical Sciences, December 2014
- Winner of Red Ribbon Award related to UNAIDS, 2016
- Second top research assistant in Imam Khomeini Hospital Complex, 2016

M.Phil

Advanced Research Method, Scientific Writing, Ethics in Research, Knowledge Transfer and Exchange (KTE), Educational Classes for All Aspects of HIV/AIDS, Advance Statistics, Working with SPSS Software, Project Management, and Basic Lab Principles. I passed with distinction.

PhD in Clinical Sciences

2012-2016: Tehran University of Medical Sciences. My thesis title is “*Comparison of TB/HIV indicators after implementation of clinical guideline for TB and TB/HIV management in Iranian prisons*”.

For implementation of the project, the followings were done.

- Focus Group Discussion (FGD)

A FGD was conducted with the objective of overcoming deficiencies in the clinical guideline on "Tuberculosis (TB) and both TB and HIV in Prisons" and improving TB control programs in prisons through the implementation of the revised guideline. After the discussion, the clinical guideline was revised.

- Revising Structures of TB/HIV-related Services in the Great Tehran Prison
- Training TB/HIV Diagnosis Services and HIV Rapid Test

Training courses for "TB and HIV guideline in prisons" were held. Several training sessions were taken place and attended by a wide range of audiences, including healthcare staff, attorneys and healthcare communicators, security force, official personnel, prison governor, and the heads of prison types.

- Implementation of the guideline and extraction of the indicators

Professional Training Courses Attended

- Participation "Elementary Searching" workshop at Tehran University of Medical Sciences
- Participation "Intermediate Searching" workshop at Tehran University of Medical Sciences
- Participation "Advanced Searching" workshop at Tehran University of Medical Sciences
- Participation "How to read paper" workshops at Tehran University of Medical Sciences
- Participation "EndNote" workshop at Tehran University of Medical Science
- Participation "Reference Manager" workshop at Tehran University of Medical Sciences
- Participation "Systematic Review" workshop at Tehran

- University of Medical Sciences
- Participation "Elementary Scientific Writing" workshop at Tehran
- University of Medical Sciences
- Participation "Intermediate Scientific Writing" workshop at Tehran University of Medical Sciences
- Participation "Advanced Scientific Writing" workshop at Tehran
- University of Medical Sciences
- Participation "SPSS" classes at Tehran University of Medical Sciences
- Participation in "Scientific Writing" at Army University of Medical Sciences for ten days in 2009.
- Participation in "AIDS Paper Writing Workshop" at American University of Beirut for nine days in 2009.
- Participation in “Scientific Writing” workshop at Shariati Hospital for 3 days in 2010.
- Participated in PEP and nPEP Workshop, 12 November 2008, Tehran, Iran
- I have been learning Advanced English Language at NBE from 2008 continuously.
- Participation in "Evidence Based Medicine (EBM)" workshop at Tehran University of Medical Sciences in 7 March 2011
- Participation in "Search routes and documents retrieval of research centers evaluation" workshop at Tehran University of Medical Sciences in 12 April 2011
- Participation in “Retargeting universal access to antiretroviral treatment in the Middle East and North Africa”, 24-25 April 2014, Casablanca, Morocco

Certificates achieved

- April, 2007 | Attended the Asthma Congress in Iran.
- November, 2007 | Attended the Annual AIDS Research Congress in Iran.
- November, 2008 | Attended the Annual AIDS Research Congress in Iran.
- November, 2008 | Participated in the Annual AIDS Research Congress; Poster and Oral Presentation.
- November, 2009 | Participated in 3rd Annual Iranian Seminar on HIV/AIDS; Poster Presentation.
- December 2009 | Participated in 18th Iranian Congress on Infectious Diseases and Tropical Medicine.
- 2010 | Participated in Bandar Abbas Workshop which was arranged by UNAIDS; Oral Presentation.
- 2010 | Participated in Niavaran Workshop on “Financial Accountability and Transparency” which was arranged by UNAIDS.

- 2010 | Participated in Niavaran Workshop on “Monitoring and Evaluation” which was arranged by UNAIDS
- April 2010 | Attended the ECCMID Congress in Austria, Vienna.
- 2010 | Participated in Niavaran Workshop on “Client-Oriented Services for a Better Response to HIV/AIDS” which was arranged by UNAIDS,
- November 2010 | Participated in workshop on "Facility Based HIV surveillance" which was arranged by WHO, Tehran, Iran.
- November 2010 | Participated in 4th Annual Iranian Seminar on HIV/AIDS; Poster Presentation.
- December 2010 | Participated in workshop on “draft evaluation of specific guidance medical researches related to HIV/AIDS”
- 2011 | Participated in Mashad Workshop which was arranged by Mashad University of Medical Sciences, Iranian CDC and UNAIDS; Oral Presentation.
- 2011 | Participated in Kermanshah Workshop about making job which was arranged by Kermanshah University of Medical Sciences, Iranian CDC and UNAIDS.
- December 2010 | Participated in 19th Iranian Congress on Infectious Diseases and Tropical Medicine
- April 2011 | Participated in workshop on “specific guidance for medical researches related to HIV/AIDS”
- June, 2011 | Participated in workshop on "HIV/AIDS treatment and care"
- 2011 | Participated in Workshop on “Client oriented service provision of Non-Governmental Sector working on HIV/AIDS, HIV/AIDS prevention and control programmes among Injecting Drug Users and partners of key populations at higher risk of HIV exposure, and advocacy in HIV/AIDS response” which was arranged by UNAIDS.
- 2011 | Participated in Workshop on "Code of conduct for Non-Governmental Sector activities on HIV/AIDS, and financial transparency and responsiveness of Non-Governmental Sector working on HIV/AIDS and monitoring and evaluation of HIV/AIDS programmes" which was arranged by UNAIDS.
- November 2011 | Participated in Workshop on "Sampling Methods and Analysis for Surveys among Populations at High Risk of HIV" which was arranged by WHO,
- January 2012 | Participated in Workshop on "HIV and Newborn",
- 2012 | Participated in Kish Workshop which was arranged by UNAIDS; working as coordinator.
- July 2012|Participated in Kermanshah Congress on "New Treatments in HIV/AIDS".

- September 2012| Participated in "HIV Case Reporting and Analysis" Course, Tehran, Iran
- October 2012| Participated in 5th National and 1th International HIV /AIDS Congress; Poster and Oral Presentation, Tehran.
- October 2012 | Appreciation document for playing role as coordinator in International AIDS Conference in Tehran.
- December 2012 | Participated in 4th annual Conference of Positive Clubs in Tehran which was arranged by UNAIDS and Iranian CDC.
- Scientific Credits from Journal of AIDS and Clinical Research
- 18-22 July 2016| Attending in the 21st International AIDS Conference held in Durban, South Africa

Affiliation & Membership

- From 2006 to now in Iranian Research Center for HIV/AIDS (IRCHA), the best research center for HIV/AIDS in Iran, dealing and counseling with HIV/AIDS patients giving them the consistent opportunity to talk and share their problems, needs questioners and expectations and in return help them find ways to fulfill those needs and proper answer to their questions. Trying to be an accurate source of information and advice for high risk patients and showing the presentation ways. Offer my genuine interest in research on patients. I have been involved in education since I was highly interested in patients' education. For example, I teach “HIV and nutrition”, “HIV and epidemiology”, “HIV and prevention”, “HIV and clinical manifestations”, “HIV and treatment” at IRCHA and Positive Club for HIV positive patients and even physicians.

- Assistant Professor of Tehran University of Medical Sciences

- Research Manager of IRCHA

- Research connector of IRCHA in Imam Khomeini Hospital

- Member of National Steering Committee of HIV/Tuberculosis active case finding in Health and Treatment Office of Iranian Prisons Organization

- I also help to expand a new Immunomodulator drug (Setarud or IMOD) for HIV/AIDS treatment in Iran. We have published some manuscripts about the results of studies for the drug in Iran.

- Reviewer of *Iranian Journal of Public Health (IJPH)* affiliated to Tehran University of Medical Sciences (TUMS)

- Reviewer of *Asian Pacific Journal of Tropical Biomedicine*

- Reviewer of *Journal of School of Public Health and Institute of Public Health Research* affiliated to Tehran University of Medical Sciences (TUMS)

- Reviewer of *Journal of AIDS Research and Treatment*
- Member of Editorial Board in Journal of HIV and STD Research
- Member of credential fund for support of authors, journalists and artists

Lectures

- **1-** "*Bronchiolitis Obliterans Organizing Pneumonia (BOOP)*" at Imam Khomeini Hospital (in Infectious Ward), 2006.
- **2-** "*AIDS (A CASE PROBLEM)*" at Imam Khomeini Hospital (in Infectious Ward), 2006.
- **3-** "*Drug Allergy*" at Bahrami Pediatric Hospital, 2006.
- **4-** "*HIV and Nutrition*" at Iranian Research Center for HIV/AIDS for Afghanian Physicians (2008).
- **5-** "*HIV and Nutrition*" at Iranian Research Center for HIV/AIDS for patients infected with HIV (2008, 2009).
- **6-** Attended in Fellowship Course on HIV/AIDS Diagnosis, care and treatment, 16 August-03 September 2008, Tehran, Iran.
- **7-** "*HIV/AIDS: Statistics, Mode of transmission, prevention, diagnosis and symptoms and signs*" at Azad University for students and general population (December 6, 2010).
- **8-** "*Role of Positive Club in psychosocial support for People Living with HIV (PLWHIV)*" in Mashad Workshop (January 27, 2011).
- **9-** "*Randomized Clinical Trials*" at Iranian Research Center for HIV/AIDS for researchers (October 10, 2011).
- **10-** "*Time Location Sampling (TLS)*" at Iranian Research Center for HIV/AIDS for researchers (December 12, 2011).
- **11-** "*Situation of IMOD in Iran*" at Iranian Research Center for HIV/AIDS for policy makers (March 05, 2012)
- **12-** "*HIV and Nutrition*" at Iranian Research Center for HIV/AIDS for researchers (March 12, 2012)
- **13-** "*Adherence to antiretroviral treatment*" at Tehran Positive Club for people living with HIV/AIDS (April 30 , 2012)
- **14-** "*HIV discordant couples: HIV sero incidence and interventions for HIV prevention*" at Iranian Research Center for HIV/AIDS for researchers (May 21, 2012)
- **15-** "*How to Write a Case Report*" at Tehran University of Medical Sciences (TUMS) for PhD students (May 22, 2012)

- **16-** "*Positive Club: Mission, Activities*" at Tehran South Health Center for Health Specialists (November 27, 2012) and at Students Scientific Research Center (SSRC) affiliated to TUMS (November 29, 2012)
- **17-** "*TB and HIV*" in Great Tehran prison in 2013
- **18-** "*HIV Rapid Test*" in Great Tehran prison in 2013
- **19-** Process and results of implementation of "National Guideline for TB and HIV in Prisons" in 2015
- **20-** "*HIV diagnosis notes in prison*" in prisons organization workshop, 2015
- **21-** "*Introduction of forms and checklist in prisons*" in prisons organization workshop, 2015
- **22-** "*Introduction of operational process algorithm in prison*" in prisons organization workshop, 2015
- **23-** "*Importance of tuberculosis and HIV control in prison for society*" in prisons organization workshop, 2015
- **24-** As a Red Ribbon Award Winner, about "*Tehran Positive Club Activities*", in the 21st International AIDS Conference held in Durban, South Africa, 18-22 July 2016
- **25-** "*Instructions of STI project, the project processes and the related questionnaires*" in prisons organization workshop, Great Tehran Prison, August 2016
- **26-** "*HIV stigma and discrimination in prisons*" in prisons organization workshop, Rasht, August 2016
- **27-** "*Instructions of STI project, the project processes and the related questionnaires*" in prisons organization workshop, Great Tehran Prison, August 2016
- **28-** "*HIV stigma and discrimination in prisons*" in prisons organization workshop, Rasht, August 2016
- **29-** "*Introduction of HIV/TB Indicators in Prisons*" in prisons organization workshop, Tehran, October 2016
- **30-** "*HIV/TB services in Prison*" in Tehran University of Medical Sciences, Tehran, December 2016

Projects

- **1-** Assessment of HIV risk among Iranian students
- **2-** Assessment of HIV risk among Iranian students with NSU methods
- **3-** Qualitative study of assessment the risk behavior of HIV among students

- **4-**Evaluation of the Neurologic manifestations of HIV/AIDS in patients referring to Imam Khomeini Hospital
- **5-**Prevalence HIV infection among sailors by rapid test
- **6-**Assessment of adherence to highly active antiretroviral therapy (HAART) and its determinants in AIDS patients
- **7-**Prevalence of HIV infection among truck drivers by HIV rapid test kits
- **8-**Prevalence HIV infection among immigrant workers by rapid test
- **9-** Calculation the Stigma Index among people living with HIV (PLWHIV) in six-cities in Iran
- **10-** Evaluation of HIV related high risk behaviors among medical students in Tehran University of Medical Sciences in 2010
- **11-**Management and research in distribution, supervision and monitoring IMOD drug in 12 provinces in Iran (2011)
- **12-**Condom promotion for prevention STIs and HIV/AIDS and evaluation of condoms which are produced by Keyhan Bod Company
- **13-**Study of short time effect of FARADARMANI on CD4 level and Psychological health of HIV positive patients
- **14-** Making job opportunity for People Living with HIV (PLWHIV) by book binding.
- **15-** Maximum tolerated dose (MTD) of Septimeb drug in Phase 1 clinical trial study
- **16-** Safety and Efficacy of "FARAMIR" in HIV Positive Patients
- **17-** Recommended Model for Integration of HIV/AIDS in Primary Health Network.
- **18-** Management and research in distribution, supervision and monitoring IMOD drug in 20 provinces in Iran (2012)
- **19-** Efficacy of "Queterpine" for treatment of chronic hepatitis C (HCV)
- **20-** An Assessment of Resilience and associated factors among PLWHIV and at risk population in Tehran
- **21-** Prevalence of intimate partner violence and the associates among at risk women population in Tehran, Iran
- **22-** Association of life expectancy and general health with death anxiety in HIV infected people
- **23-** Adherence to "IMOD" and the associated factors
- **24-** Evaluation of violence at home against women living with HIV
- **25-** Efficacy of "Revayat Darmani" in HIV infected people

- **26-** Services and activities in Tehran positive club
- **27-** Evaluation of Quality of life and satisfaction after IMOD therapy among people living with HIV
- **28-** Effects of sport activities on CD4 count, Medical and Psychological Symptoms among HIV positive patients
- **29-** Writing an e-book proposal for *Bentham Science Publisher* under title "Current Studies in HIV Research" and being editor of the book.
- **30-**Evaluation of the association between Addiction Severity Index (ASI) and Depression with adherence to Anti-retroviral therapy among HIV infected patients with active addiction referred to VCT center of Imam Khomeini hospital
- **31-** Risk Taking and Impulsivity among HIV Positive Active Heroin Users
- **32-** Evaluation of barriers to adherence among HIV infected people in detention (a qualitative study)
- **33-** Prevalence of allergic disease in HIV patients and assessment of CD4+ and C8+ T lymphocytes, Eosinophiles and Basophils count in blood and level of serum tryptase in these patients
- **34-** Management and research in distribution, supervision and monitoring IMOD drug in 20 provinces in Iran (2013)
- **35-** Observatory of HIV/AIDS thorough evaluation of knowledge and practice of men with age 20 to 50 years regarding prevention routes and disease control
- **36-** to Pilot TB/HIV National guideline for TB and HIV associated TB in Prisons
- **37-**Assesment of coping strategies applied by HIV positive people and correlation between coping strategies and depression, anxiety, and stress
- **38-** The relation between emotional schemas and emotion regulation strategies with resilience of people living with HIV
- **39-** Comparison of Impulsivity and Risk-taking Behaviors among HIV Positive and Negative Opiate Addicts
- **40-** Evaluation of conceivability of national protocol for TB management in prisons by Focus Group Discussion (FGD)
- **41-** Evaluating serum levels of vitamin D, calcium, phosphorus and alkaline phosphatase in HIV positive adults in comparison to a healthy control group
- **42-**Causes of addiction in prison by doing focus group discussion (FGD) among prisoners
- **43-** Analysis of Six Focus Group Discussion (FGDs) about reasons of low HIV treatment coverage in Iran

- **44-** Management and research in distribution, supervision and monitoring IMOD drug in 20 provinces in Iran (2014)
- **45-** Code of Ethics in Prevention, Care and Treatment of HIV/AIDS from Patients' Points of View
- **46-** Providing a Comprehensive Package of Drug Demand Reduction Including Mental Health, Prevention and Treatment of Addiction and Harm Reduction for Prisoners
- **47-** Situational analysis for promotion of HIV/AIDS prevention and care programmes for female injection drug users in Iran
- **48-** Evaluation of Change in Quality of Life among HIV⁺ Patients Receiving IMOD™, During and After Treatment
- **49-** Evaluation of Executive Process in Residential Centers Subject Article 16
- **50-** Efficacy of "Oral IMOD" in HIV infected people
- **51-** Extension phase of "TB/HIV National Guideline for TB and HIV Associated TB" in five prisons, to pilot of improvement in follow up after freedom and integration of STIs in delivery model of active services
- **52-** Effects of four months resistance training and recreational sport activities on BDNF level among HIV infected patients in Tehran positive club
- **53-** Clinical Trial Phase 3 for Safety and Efficacy of Faramir in HIV Positive Patients Referred to Imam Khomeini Hospital
- **54-** Provision of Technical Support to Improve HIV Prevention, Treatment and Care under HIV/AIDS New Funding Model (NFM) Project
- **55-** Structural equation modeling of everyday functioning and health-related quality of life based on prospective memory and depression in patients living with HIV infection
- **56-** The relationship between personality with risk perception and coping strategies in people with HIV
- **57-** Comprehensive package of health and educational services to empower people living with HIV
- **58-** Evaluation of IL-4-589T promoter and IL-4R α I50V receptor polymorphism by PCR RFLP
- **59-** Investigation of the relationship between physical activity and body composition, fatigue and CD4 cell counts among HIV positive patients voluntary visiting the counseling and testing center of Imam Khomeini Hospital in Tehran

Grants

I received two grants from Razi and Avicenna Festivals for being member of the superior researchers.

E) Books

- 1- *Current Studies in HIV Research* (in 2016) Published by *Bentham Science Publishers*.
- 2- [*Applied Manual in Nutrition for People Living with HIV*] (in 2012) Published by *Osaneh*
- 3- [*Psychosocial aspects of HIV/AIDS*] (in 2011) Published by *Osaneh*
- 4- [*Side Effects of Antiretroviral Drugs*] (in 2010) Published by *Osaneh*
- 5- [*Applied Guidance of HIV/AIDS*] (in 2009) Published by *Osaneh*
- 6- [*Tips on HIV/AIDS*] (in 2009) Published by *Osaneh*
- 7- [*Diabetes*] (in 2008) Published by *Osaneh*
- 8- [*Thyroid and its Diseases*] (in 2007) Published by *Osaneh*
- 9- [*Hirsutism*] (in 2006) Published by *Osaneh*
- 10- [*Obesity*] (in 2006) Published by *Osaneh*

F) Magazine and Mass Media

-We prepare and publish a quarterly journal with title “*AIDS*” and then distribute among health providers in the country.

-I gave the subjects about HIV infection (*HIV, Information and Victims, HIV and Juveniles, HIV and nutrition, HIV Treatment*) to notify the public. These subjects were published in Magazines “*Health Family*”, “*Anjoman Ehya*” and “*Sepid*”. Also we publish Tehran Positive Club activities in “*hidden harm newsletter*” affiliated to center for disease control and prevention (CDC) of Iran.

-I attended in several TV and Radio programs about HIV/AIDS. In these programs, I talked about different aspects of HIV/AIDS for the general population.

G) Pamphlets, Posters and Banners

The subjects are:

- AIDS and Sport
- Adherence to HIV/AIDS Treatment
- Ways to Prevent HIV Infection
- Education for Using Condom
- Positive View to Positive Life
- The Red Ribbon Posters
- World AIDS Day Posters
- Banners under title “Protect the Goal”
- Banners to Introduce the Activities of Tehran Positive Club
- Banners to Introduce the Goals of Tehran Positive Club

Work Experience

- From 2006 to now as *Medical Researcher*, I have served at IRCHA (Iranian Research Center for HIV/AIDS). I worked on several projects at IRCHA, for example; Adherence to HAART and its determinants and examination of cognitive aspects in HIV positive patients. We also worked on HIV rapid test among low risk groups (immigrant workers, truck drivers, sailors, and pregnant women) and neurologic manifestations in HIV/AIDS patients.
- In 2008-2015, I have written ten proposals for UNAIDS about the programs for Tehran Positive Club at Imam Khomeini Hospital. In the programs, I teach "HIV and the statistics", "HIV and Transmission", "HIV and Prevention", "HIV and Opportunistic Infections", "HIV and treatment", "HIV and Nutrition" to patients infected with HIV and hot line consultants. Also, I wrote Stigma Index Proposal under titled: "Calculation the Stigma Index among people living with HIV (PLHIV) in six-cities in Iran". After that by positive club team I implemented the project, did analyses and prepared the final report.
- In 2015, Working as facilitator in prisons organization workshop under title: "Improvement of TB and HIV Programs in Prisons"
- Manager of Triangular Clinic at Great Tehran Prison in 2013 and 2014
- Chief for Scientific Writing and Education team at IRCHA. I taught Scientific Writing and Epidemiological studies at IRCHA twice a week.
- UNAIDS Representative of IRCHA in Iran
- Manager of Tehran Positive Club which is related to IRCHA. The Positive Club was nominated for Red Ribbon Award in 2010, 2012, 2014 and 2016 from Iran. We won Red Ribbon Award in 2016, receiving the formal letter from UNAIDS as well as I was invited to attend in International AIDS Conference (IAC) 2016, South Africa, Durban, to present our experiences regarding HIV/AIDS services. More details are available at: <http://www.redribbonaward.org/>
- Working in Department of Epidemiology and Biostatistics at Tehran University of Medical Sciences; write articles and do analyses.
- Responsible for evaluation of IRCHA in 2011 so that gather documents and calculate the scores for reporting to Tehran University of Medical sciences.
- Physician of two Narcotic Anonymous (NA) Camps in Alborz Province
- Member of psychosocial committee for supporting HIV/AIDS patients in Iran
- Member of AIDS council
- Member of young medical committee in fifth network in 2002.
- Coordinator at 1st International and 5th National HIV/AIDS Congress, 22-25 October 2012- Tehran, Iran

-In 2012, 2014 and 2017, I was member of technical committee for preparing "Global AIDS Response Progress Reporting 2012, 2014 and 2017" in Ministry of Health (MOH). In this committee, I performed "National Commitments and Policy Instrument (NCPI)" by interview with key people (government officials, representatives from civil society organizations, bilateral agencies, and UN organizations). After the interviews, I did qualitative analysis and then wrote the report based on the analysis.

- I held Scientific Writing Classes at IRCHA as a teacher for researchers and physicians.

- I held Scientific Writing Workshop e.g. in Shariati Hospital, Tehran (Rheumatology Research Center) as a teacher for researchers and physicians.

- Working at Golzar physician Building as a general practitioner from 23/9/2010 to 21/1/2012.

- Working at Shahid Nazaran Clinic as physician from 4/5/2007 to 21/10/2008. I was also teaching public health subjects for the staff in there.

- Teaching English Language at Tehran Positive Club

- I taught biology in high school in 2000.

Skills Profile

IT Skills include:

- 1- Confident Internet user
- 2- Confident in Windows, Microsoft words, Excel , Power point, Microsoft Project Manager
- 3- Knowledge of using SPSS
- 4- End Note and Reference Manager

Additional Information

English Language Diploma of the National Institute of English Language with grade A

Fields of Research Interest

- HIV/AIDS
- STIs
- Addiction
- Prison Health
- Mental Health
