

BEHRANG SARSHARI

Virologist

Military Service: Served

✉ behrang.sarshari@gmail.com

☎ (+98)9802182880

📍 Jalal Al Ahmad Street, Tehran, Iran

🎓 Education

Master in Virology

Branch: Medical

Institute/University: Tehran University of Medical Sciences
Tehran, Iran

2013 - 2016

PhD in Virology

Branch: Medical

Institute/University: Tarbiat Modares University
Tehran, Iran

2016 - 2022

🏢 Work Experience

Laboratory Director

Iran AIDS Research Center
Tehran, Iran

Since April 2022

💡 Skills

SPSS, GraphPad Prism, Medcal, EndNote
software

PCR, Nested PCR, TaqMan® real-time PCR,
SYBR Green Real Time PCR, Stem-loop RT-
PCR

MEGA, Chromas, Bioedite, Beacon designer,
AlleleID software

ELISA, Cell culture, TCID50, plaque assay

🔍 Research

Prevalence and genotypic characterization of Human Parvovirus B19 in children with measles- and rubella-like illness in Iran

Publisher: Journal of Medical Virology

2016

Rezaei, Farhad; Sarshari, Behrang; Ghavami, Nastaran; Meysami, Parisa; Shadab, Azadeh; Salimi, Hamid; Mokhtari-Azad, Talat

Epigenetic reprogramming mechanisms of immunity during influenza A virus infection

Publisher: Microbes and Infection

2021

Keshavarz, Mohsena; Sabbaghi, Ailarb; Koushki, Khadijehc; Miri, Seyed Mohammadb; Sarshari, Behrangd; Vahdat, Katayouna; Ghaemi, Amir

Sequence variations of Epstein–Barr virus LMP1 gene in gastric cancer and chronic gastritis isolates from Iranian patients

Publisher: Gastroenterology and Hepatology from Bed to Bench

2022

Sarshari Behrang ; Mohebbi Seyed Reza ; Ravanshad Mehrdad; Shahrokh Shabnam; Asadzadeh Aghdaei Hamid

Detection and quantification of Epstein-Barr virus, cytomegalovirus and human herpesvirus-6 in stomach frozen tissue of gastritis and gastric cancer patients

Publisher: Microbiology and Immunology

2022

Sarshari Behrang; Mohebbi Seyed Reza; Ravanshad Mehrdad; Shahrokh Shabnam; Asadzadeh Aghdaei Hamid; Mohammad Reza Zali

 **Projects**

Prevalence and genotypes of Human parvovirus B19 in patients with rash and fever

For: Master's thesis

Sequence Variations of Epstein-Barr Virus variants in gastric cancer and gastritis patients in Iran

For: PhD dissertation
